CVCC Student Job Fair

Last year, over 1000 students participated in Cuyahoga Valley Career Center's Student Job Fair. The job fair provides an opportunity for high school students to actually meet, in one setting, with employers who are seeking to connect with high school students for the purpose of part-time, summer or seasonal employment.

Prior to the job fair, CVCC's Career Specialists work with students in English classes on writing resumes and completing job applications. Students are also provided tips on how to successfully prepare for the job fair, approach prospective employers, interview for a position, and follow up with employers.

The job fair is a win-win situation for students and employers as students are able to hone their skills as they come face-to-face with prospective employers and employers meet their hiring needs.

Students' evaluations after the job fair indicated that the evening was very valuable. Employers' evaluations stated that they appreciated the opportunity to meet lots of prospective student hires at one location and were very impressed with their preparedness. Some students were hired on the spot or left with job interviews scheduled.

Students applied for jobs with 45 employers at CVCC's 2011 Student Job Fair.

**2012 CVCC Student Job Fair
March 8 – 3:30pm-6:30pm**
